This order form is to be used to reserve a VeteranShield, in support of the nationwide [VeteranShield Project](#). Also included is the VeteranShield/Digital Pickle Preservation Program, which provides for the high-resolution scanning of up to **20 veteran-related images** and the following professional services, performed by the Digital Pickle lab:

- Receive and carefully open your package. Closely inspect the contents and contact you by email to confirm safe arrival.
- Scan and enter this completed Order Form into our system, and process your VeteranShield donation check.
- Open a private online **VeteranShield Scanning Project Account & Gallery** (password protected) for your personal use, to allow you to monitor the progress of your VeteranShield Scanning Project; we will email you with full access instructions.
- Perform all scanning work at a high resolution (600dpi for photos and documents, and 2500dpi for slides and negatives with DigitalCE); transfer all images onto a gold CD and your VeteranShield Scanning Account & Gallery for secure online backup.
- Carefully re-package and return ship your original materials to you (including the gold CD containing your VeteranShield Scanning Project), using secure UPS tracked shipping. We will email your UPS tracking number at the time of shipment.

Please note...

- Should an inspection of your Veteran materials reveal the need for restoration work, a Digital Pickle (DP) technician will contact you by email to discuss it further. **Please understand that any additional restoration work (or including more than 20 items to be scanned) will incur additional charges**, and DP will provide you with their best estimate for the total project at that time. If you then approve the extra work, DP will charge your credit card at the end of the project, and will ask for additional approval if the final amount is over \$50 more than their original estimated amount. Should you have any questions or comments regarding this policy, please feel free to contact Mark Withrow by email (mark@veteranshield.org).
- For your safety, please use only a **traceable** and secure delivery service (such as UPS or FedEx) to ship your materials.
